Pilkinton™
EYE CENTER

Thank you for choosing **Pilkinton Eye Center.** We are glad for the opportunity to serve you. Please read this cover letter and complete the registration forms.

Masks – Masks are required and are not provided by our office.

Registration Form: In order for your insurance to pay your claim, a registration form will need to be completed annually, even if you are an established patient, or more often if there are changes in your health history. Be sure to include a current list of your medication, including dosages (mg).

Refraction: An eye refraction is necessary if you have a complaint of blurred or decreased vision or a glasses prescription is needed.

What to Expect: If you are a new patient and may need to schedule surgery, you will most likely be here 2-3 hours. Annual dilated exams may take 1-2 hours. On your new patient or annual exam, you will be dilated in order to perform a thorough retinal exam. Dilation may cause light sensitivity and can last for several hours. You will be given sunglasses and most patients are able to drive themselves home.

Insurance: Since we are a medical provider, we do not participate with vision plans. We participate with most medical insurance plans and we are glad to file up to two (2) insurance plans for you. It is important that you provide us with the correct insurance information. Failure to do so may result in direct billing to you.

Referrals: Some insurance companies require a referral from your primary care physician to see Dr. Pilkinton. If your insurance requires a referral for your visit please initiate this at least 2 weeks in advance of your appointment. It is helpful to call us a few days before your visit to be sure that the referral is here. It is the patient's responsibility to obtain the referral. Have your physician's office fax their referral to (615)329-7892. If you arrive without a referral, we can reschedule your appointment or you may pay for your visit.

Deductibles/Co-pays: Please be prepared to pay your co-pays and unmet deductible the day of your visit. If you schedule surgery, we will look up your benefits for you so that you will be prepared for any out-of-pocket fees, which we will collect before surgery. We accept MasterCard, Visa, Discover, cash, check and Care Credit (6 months same-as-cash and the extended plans).

Optometrist Referrals: If your optometrist referred you to Dr. Pilkinton for cataract surgery, he or she may perform the post-operative care following your surgery (if they participate in your insurance plan). This is called "co-management" and your insurance will pay him or her a portion of your care. For Lasik patients, a portion of the Lasik fee is paid to your optometrist.

Contact Lenses and Glasses: If you wear glasses for most activities, please bring them with you. For patients who are scheduling cataract surgery or Lasik, it is important to discontinue wearing contact lenses for at least two weeks prior to your visit. Please call our office at (615)329-7890.

Skilled Nursing Facility/Hospice: Please notify our office if you are in a Skilled Nursing Facility or Hospice. This determines how your insurance will need to be filed.

Valet Parking is now available from 20th Avenue Entrance to the building. The hours of operation are 7:30 am to 4:00 pm.

FINANCIAL AGREEMENT

Payment Terms:

Pilkinton Eye Center participates with most medical insurance plans. If there are questions about the patient's insurance policy or benefit details, please talk with the medical insurance provider before his/her appointment. It is each patient's responsibility to be familiar with his/her health plan.

Payment is due at the time of service for non-insured services, co-pays, deductibles, and eye refractions. Please call the patient's insurance provider for details such as co-pays and deductibles before your visit.

We will file up to two medical insurance plans. Please know that failure to bring insurance cards to each appointment may result in additional out-of-pocket expenses or appointment rescheduling.

Providing incorrect insurance information may result in direct billing to the patient.

Pilkinton Eye Center does not participate with vision plans.

We do not fit, dispense, or prescribe contact lenses. If the patient chooses to wear contact lenses, we will refer him/her to an optometrist who can assist in those services.

Some insurance plans require a referral from the Primary Care Doctor. It is the patient's responsibility to obtain this referral. Failure to obtain a referral will result in additional out-of-pocket expenses or appointment rescheduling.

Past due accounts will be collected in full before future appointments are made. Questions about the patient's account should be directed to our Billing Department at (615)329-7890.

I acknowledge full responsibility of all services provided for me and agree to pay all expenses, including collection and attorney fees, necessary to collect the balance. I also agree to promptly notify Pilkinton Eye Center of any medical insurance carrier changes or coverage changes. I acknowledge that failure to do so may result in direct billing and monthly late fees.

I hereby request that payment of Medicare, Medigap, or other insurance benefits be made to Pilkinton Eye Center for any services. I authorize any holder of medical information about me to release to the Center for Medicare (CMS), or to my insurer, any information needed to determine these benefits.

HIPAA PATIENT CONSENT FORM

In response to the misuse of Personal Health Information, the *Department of Health and Human Services* has established a **Privacy Rule** to insure that your Personal Health Information is kept private. This rule was also established in order to provide a standard for health care providers to obtain their patients' consent for uses and disclosures of health information about the patient in order to carry out treatment, payment, or other health care operations.

We want you to know that we respect the privacy of your personal medical records and will take all reasonable measures to secure and protect your privacy. When necessary we will provide the minimum necessary information to only those we feel are in need of your Personal Health Information in order to provide health care that is in your best interest.

We support your full access to your medical records. You should be aware that we may have indirect treatment relationships with you that include but are not limited to laboratories, pharmacies, and other medical offices. As such, we may need to disclose your Personal Health Information for purposes of treatment, payment and/or health care operations. These outside entities do not necessarily need to obtain your consent for this communication.

You have the right to refuse to consent to the use of disclosure of your Personal Health Information. This refusal must be made in writing. Under the HIPAA law, we have the right to refuse to treat you if you choose to refuse disclosure of your Personal Health Information. If you give consent to disclose your Personal Health Information, by signing this document, you can at some future time request to refuse future disclosures of your Personal Health Information. This refusal must be made in writing. However, you may not revoke actions that have already been taken which relied on this or a previously signed consent.

You have received a copy of our Patient Privacy Policy. You have the right to review our privacy notice, request restrictions and revoke consent in writing after you have reviewed our privacy notice.

Please speak with our administrative staff if you have objections to this consent.

Please list any individual with whom we may discuss your Personal Health Information below (i.e. spouse, family member, friend, etc.):
